Fordham Group named in Australian Accounting Awards 2025 finalists

Congratulations to our Fordham leaders and rising stars who have been announced as finalists across different categories for the Australian Accounting Awards. The Australian Accounting Awards stand out as the foremost event highlighting the wide-ranging expertise and proficiency of accounting professionals and firms throughout the country while acknowledging their accomplishments and exceptional commitment.

Fordham Senior Accountants Bianca Morelli and Josh Vassel have both been shortlisted for the Australian Accounting Awards 2025 in the category of Rising Star of the Year. Earning a finalist spot is a highly regarded accomplishment within the accounting sector. Having dual finalists in this category reflects the Fordham Group's commitment to fostering high level talent across their young staff.

In addition, Fordham has been shortlisted for the Diversity and Inclusion Program/Initiative of the Year. This nomination recognises the innovative job share arrangement for Associate Partners Nicole Annakis and Hannah Linehan in Sharon Parker's team. This recognition highlights the Fordham Group's commitment to fostering an inclusive culture and making an impact within the Australian accounting sector.

We wish all of our finalists the best of luck at the awards ceremony in Sydney on 20 June 2025 when the winners will be announced.
